### **Support**

- This scheme will support bus operations for 10 years.
- Cities shall be responsible for running the bus services and making payments to the bus operators.
- The Central Government will support these bus operations by providing subsidy to the extent specified in the proposed scheme.

#### **Funding**

- The scheme has been allocated a total funding of Rs 57,613 crore.
- Out of this fund, the central government will contribute Rs 20,000 crore, while the remaining portion will be covered by the state governments.

## Augmentation

- The e-buses will operate under the PPP model and the government will help develop associated infrastructure to provide support for development or upgradation of depot infrastructure
- It will also help cities create behindthe-meter power infrastructure for the e-buses.

#### Coverage

- The system includes cities with a population of at least 3,000,000, and priority is given to cities without bus traffic
- The system has two parts: the expansion of city bus services and green city transport initiatives.
